For everything you need to know about legal issues from Canada, look no further than the Westlaw databases

Here you'll find comprehensive coverage of Case law, legislation, regulations, court rules, texts, law reviews and other periodicals, plus the latest news information. Many documents are available in both English and French.

Familiar Westlaw commands enable you to work quickly and efficiently even when you are researching unfamiliar materials.

Look no further for the latest detail on:

Case Law

You can find the full text of decisions from Canadian federal, provincial, and territorial courts in the Canada All Cases database.

Legislation and Court Rules

The All Canadian Statutes database contains federal, provincial and territorial statutes currently in force in Canada, as well as recently enacted legislation not yet in force. If you require a French-language version of Canadian federal statutes, you'll find this on the Canadian Federal Statutes (French) database.

The All Canadian Legislation database contains federal, provincial and territorial statutes and rules of practice currently in force in Canada, as well as recently enacted legislation not yet in force.

Regulations

The Canada Federal Regulations database contains the English-language version of the Consolidated Regulations of Canada, including new and revised regulations from the Canada Gazette (French version also available).

Texts & Periodicals

The texts and periodicals database contains English-language documents from periodicals published in Canada.

News

Use the Canada News database to stay up-to-date with current news and information about Canada from newspapers, magazines, journals, newsletters, radio and television transcripts, and wires provided by Dialog, a Thomson company.
