

Insurance Library

Analysis of US insurance law and practice strategies distinguish this library as one of the most important sources of information on all aspects of Insurance

This library provides insurance litigators on both sides with all the practical information needed to meet the challenges of this increasingly demanding practice area.

Not only that, but it also includes various treatises such as Couch, the Law of Reinsurance and Automobile Liability as well as forms, reports and checklists.

Three Westlaw Insurance mainstays trusted by Lawyers:

Couch On Insurance, 3D

West's newly revised, authoritative and all-encompassing treatise has expert analysis of current case law, forms complementing the analysis and links to more than 85,000 full-text cases.

Insurance Litigation Reporter

Bi-monthly newsletter covers hot legal issues and new theories of liability with in-depth analysis by experts in the field.

Bad Faith Law Report

Monthly newsletter provides strategies, tactics and trends in insurance litigation.

Eight new Westlaw Insurance Titles:

Bad Faith Actions: Liability and Damages, 2D Treatise presents issues from both the plaintiff and defendant perspectives to help you develop winning strategies and tactics for your cases.

Law of Reinsurance

Treatise offers useful analysis that is especially timely as reinsurance disputes soar due to losses caused by natural disasters, massive health care claims, toxic torts and environmental claims.

Insurance Claims and Disputes: Representation of Insurance Companies and Insureds, 3D

Treatise analyses every major insurance policy provision and courts' interpretations, and offers you current strategies for responding to adversaries' actions, plus practical answers to questions arising in complex litigation.

Casualty, Fire & Marine Investigation Checklists, 5th

Covers all aspects of a casualty, fire or marine claim so you can conduct thorough investigations and avoid unnecessary callbacks and reinvestigations.

Property Investigation Checklists: Uncovering Insurance Fraud, 7th

Handbook details how to investigate suspicious or fraudulent personal and real property claims.

Automobile Insurance and No-Fault Law

Treatise supplies expert state-by-state examination, evaluation and analysis to assist you.

Automobile Liability Insurance, 3D

Treatise analyses every U.S. jurisdiction with regard to state financial responsibility laws, no-fault provisions, claims enforcement, coverage exemptions and exclusions.

The Law and Practice of Insurance Coverage Litigation

New publication provides in-the-trenches perspectives and practice tips utilising 90 experts from the ABA Tort and Insurance Practice Section.
